

Energy casualty insurance

Product fact sheet

Zurich Global Energy provides comprehensive casualty risk solutions for companies involved in oil and gas, petrochemical, natural resources, mining and power industries virtually worldwide. Solutions range from primary general liability to high limit umbrella and excess liability insurance. Our energy casualty specialists provide streamlined, coordinated access to total energy solutions. We can readily develop a comprehensive programme that also pairs your casualty coverage with onshore and offshore property, marine liability and cargo coverages.

Our customers

Zurich tailors casualty programmes for a variety of energy clients including, but not limited to:

- oil and gas companies
- gas plants
- oil and gas, mining and utility equipment operators
- energy service contractors, onshore and offshore
- pipeline construction contractors
- storage facilities
- refineries
- electric, gas and cogeneration operations
- power suppliers
- petrochemical operations
- pipelines
- refinery/plant maintenance contractors
- manufacturers of products that support the energy industry
- mining operations
- utilities.

Our coverages

Our coverages include:

- primary general liability, including public and products
- pollution extensions
- onshore and offshore liability
- excess programmes including extended coverages
- construction liability for onshore and offshore energy facilities.

Occurrence and claims-made forms and admitted and non-admitted policies are available.

Specialists in risk engineering and claims services

Zurich offers our energy casualty policyholders access to risk engineering specialists with extensive experience in energy risk assessment. These skilled engineers will work with an account to identify risk exposures and develop a loss mitigation programme.

In addition, our energy claims specialists readily address pre-loss planning, as well as post-loss assessment to ensure that customers receive the service they require. Our experienced staff is knowledgeable about the unique issues associated with energy casualty-related losses.

Serving your needs

We look out for your best interests and focus on your needs. Our specialists are in many locations virtually around the globe, including: Atlanta, Baltimore, Bermuda, Chicago, Glendale, Hong Kong, Houston, Kuala Lumpur, London, Melbourne, New York, San Francisco, Seattle, Singapore, Sydney, Toronto and Zurich.
