

Keeping your business on the road

Corporate Fleet Insurance

Zurich brings speed, agility and efficiency to corporate fleet management. Our corporate fleet insurance provides cover for fleets of 15 vehicles or more.

It offers the full range of features, benefits and value-added services you need to protect your fleet – each aspect benefiting from our consistent and above all, practical approach to pricing. And we're geared-up to support you with a fast and responsive claims service, delivered in the way that best suits your business.

So for corporate motor insurance that provides the cover your business needs, why not take a look at what Zurich Motor Fleet insurance has to offer?

Improving margins

Vehicles are important business assets and unavailability can seriously interrupt your day-to-day operations. So as well as covering your legal obligations, our Motor Fleet policy can include additional benefits to help keep your vehicles running, operate a safer fleet and get damaged vehicles back on the road quickly.

Taking care of claims

We understand that the ability to handle claims quickly and efficiently is probably the single, most important aspect of any corporate motor policy. So we're committed to delivering a first-class claims handling service that minimises disruption to your business.

We keep the whole process as simple as possible by giving you a single telephone number for reporting claims.

As soon as you make a claim call, we appoint a dedicated claims handler to be your first point of contact for all enquiries. They then liaise with the appropriate specialist teams on your behalf.

You can be confident that we're doing everything in our power to keep premiums as low as possible without compromising coverage or service quality, most noticeably through our dedicated motor claims management.

Helping you make the most of our expertise

To ensure our claims process is as efficient and effective as possible, we have specialist teams to handle:

- first response
- own damage
- third-party damage
- third-party injury
- motor engineering
- total loss evaluation
- recoveries
- fraud prevention.

So what's different about Zurich's Motor Fleet insurance?

- No novice or young driver excesses.
- No standard excesses for vehicle type or windscreen cover.
- No limit on audio and accessories.*
- Uninsured loss recovery, and motor prosecution defence included as standard.

Our approach to pricing ensures you're quoted a sustainable price for insurance cover as we try to avoid significant price increases at renewal.

For more information on the features and benefits, please ask your broker for a copy of the Zurich Motor Fleet Key Facts leaflet.

Additional services

Our offer is supported by a range of additional services, either as standard or as an optional extra. Standard services include:

- free 24-hour accident recovery*
- Autoglass 24-hour glass repair and replacement*
- radio replacement*
- courtesy car while repairs are carried out by one of our approved repairers*
- detailed and up-to-date claims information to help with risk management
- fast turnaround on minor body repairs through Autorestore.

*subject to policy terms and conditions.

Zurich Insurance plc

The pulp used in the manufacture of this paper is from renewable timber produced on a fully sustainable basis. The pulp used in the manufacture of this paper is bleached without the use of chlorine gas (ECF – Elemental Chlorine Free). The paper is suitable for recycling.

And, for an additional payment, you can enjoy the reassurance of a pay-as-you-go breakdown and recovery service through the AA, subject to registration.

Employee Owned Fleet

Employee Owned Fleet covers groups of private individuals who've opted out of a business' traditional fleet scheme into an Inland Revenue-approved Employee Owned Scheme. The policy covers vehicles that are supplied under the company scheme name to a member of the company scheme, and also courtesy vehicles supplied by the motor trade.

Zurich Driver Solutions

This innovative, fee-based risk management programme not only helps cut the number and cost of claims (both direct and indirect), but also helps you meet legal requirements and HSE recommendations by providing evidence that a risk assessment has been undertaken and appropriate action taken.

If you'd like to find out more about these services and the new business opportunities they present, please speak to your broker.

Why choose Zurich?
