

Replacement vehicles for an irreplaceable planet

With the growing demand for electric vehicles and sustainability being an integral part of many businesses' strategy, we want to support our customers in delivery against their sustainability goals. As part of our ongoing commitment to sustainability and helping our customers on their sustainability journey, we offer enhanced coverage for electric vehicles as part of our SME Motor Fleet proposition.

If our SME fleet customers battery electric vehicle is damaged and requires repair, they benefit from receiving a battery vehicle replacement.

What our cover offers

- Replacement battery electric vehicle should a battery electric vehicle suffer damage and require repair
- Cover for accessories provided by the manufacturer (e.g. charging cables, adaptors)
- Cover for home installed charging points
- Cover for damage to the battery (e.g. an electricity surge damaging only the battery)
- Cover for liability arising from an incident with charging of an electric vehicle
