

Important Notes

Letting us know if anything has changed

It's important to tell us straight away if any of your information is incorrect or if it changes. If we have the wrong information this may result in an increased premium, claims not being paid in full, or your policy being made invalid and claims being refused.

Here are some examples of changes you should tell us about:

- claims or incidents not reported under this policy
- convictions, including motoring convictions, police enquiries or prosecutions pending
- change in the postcode or address where the vehicle(s) are kept
- change of named drivers or change into regular drivers if insured on an any driver basis
- change of the vehicle's use such as use in connection with business
- change in a vehicle's security tracking system including failure to continue subscribing
- change in where the vehicle(s) are kept e.g. on the road, on the drive, behind electric gates or garaging
- change in the annual mileage of the vehicle(s)
- alteration or modification from the manufacturer's standard specification to the insured vehicle(s).

This isn't a complete list, so if you aren't sure whether you need to tell us about something, please contact your broker or call us and we'll be happy to help.

Your insurance may not be valid until we have agreed to accept your changes and we will be entitled to vary the premium and terms for the rest of the period of insurance.

Data protection statement

Zurich takes the privacy and security of your personal information seriously. We collect, use and share your personal information so that we can provide policies and services that meet your insurance needs, in accordance with applicable data protection laws.

The type of personal information we will collect includes: basic personal information (i.e. name, address and date of birth), occupation and financial details, health and family information, claims and convictions information and where you have requested other individuals be included in the arrangement, personal information about those individuals.

We and our selected third parties will only collect and use personal information (i) where the processing is necessary in connection with providing a quotation and/or contract of insurance; (ii) to meet our legal or regulatory obligations; (iii) where you have provided the appropriate consent; (iv) for our 'legitimate interests'.

It is in our legitimate interests to collect personal information as it provides us with the information that we need to provide our services more effectively including providing information about our products and services. We will always ensure that we keep the amount of information collected and the extent of any processing to the absolute minimum to meet this legitimate interest.

A full copy of our data protection statement can be viewed via www.zurich.co.uk/dataprotection

How you can contact us

If you have any questions or queries about how we use your data, or require a paper copy of the statement, you can contact us via gbz.general.data.protection@uk.zurich.com or alternatively contact our Data Protection Officer at Zurich Insurance, Unity Place, 1 Carfax Close, Swindon, SN1 1AP.

Fraud prevention and detection

In order to prevent and detect fraud we may at any time:

- check your personal data against counter fraud systems
- use your information to search against various publicly available and third party resources
- use industry fraud tools including undertaking credit searches and to review your claims history
- share information about you with other organisations including but not limited to the police, the Insurance Fraud Bureau (IFB), other insurers and other interested parties.

If you provide false or inaccurate information and fraud is identified, the matter will be investigated and appropriate action taken. This may result in your case being referred to the Insurance Fraud Enforcement Department (IFED) or other police forces and fraud prevention agencies. You may face fines or criminal prosecution. In addition, Zurich may register your name on the Insurance Fraud Register, an industry-wide fraud database.

Claims history

We may pass information relating to claims or potential claims to the Claims and Underwriting Exchange Register (CUE) and the Vehicle Salvage & Theft Data (formerly known as MIAFTR), where the data is controlled by the Motor Insurers' Bureau (MIB), and other relevant databases.

We and other insurers may search these databases when you apply for insurance, when claims or potential claims are notified to us or at time of renewal to validate your claims history or that of any other person or property likely to be involved in the policy or claim.

This helps to check information provided and prevent fraudulent claims.

Motor Insurance Database

We work in partnership with the Motor Insurers' Bureau (MIB) and associated not-for-profit companies who provide several services on behalf of the insurance industry. At every stage of your insurance journey, the MIB will be processing your personal information and more details about this can be found via their website: mib.org.uk.

Information relating to your insurance policy will be added to the Motor Insurance & Policy Data (MIPD) managed by the Motor Insurers' Bureau (MIB). MIPD and the data stored on it may be used by certain statutory or authorised bodies including the police, the DVLA, the DVANI, the Insurance Fraud Bureau and other bodies permitted by law for purposes not limited to but including:

- a) electronic licensing;
- b) continuous insurance enforcement;
- c) law enforcement (prevention, detection, apprehension and/or prosecution of offenders);
- d) the provision of government services or other services aimed at reducing the level and incidence of uninsured driving.

If a vehicle of yours is involved in a road traffic accident (either in the United Kingdom, the EEA or certain other territories), insurers and/or the MIB may search the MIPD to obtain relevant information.

Persons (including their appointed representatives) pursuing a claim in respect of a road traffic accident (including citizens of other countries) may also obtain relevant information which is held on the MIPD.

It is vital that the MIPD holds correct registration numbers for your vehicles. If incorrect details for any of your vehicles are shown on the MIPD you are at risk of having the relevant vehicle seized by the police. You can check that correct registration number details for your vehicles are shown on the MIPD at www.askmid.com.
